📍 Humboldt County, CA

## SKILLS

---

**Languages:** HTML5, CSS3, JavaScript, Python, C++, C, SQL, PL/SQL.

**Frameworks/Tools:** GitHub, GitHub Actions, Flask, Django, SQLite, JUnit.

**Soft Skills:** Detail-oriented, cross-functional collaborator, active listener, organized.

## EXPERIENCE

---

### Learning Assistant, **Cal Poly Humboldt**

Jan 2025 – May 2026 | Arcata, CA

- Supported 60+ students across two semesters of college-level courses by clarifying technical concepts, answering questions, reinforcing key material during lectures, and leading extracurricular review sessions.
- Facilitated classroom discussions and provided individualized guidance, helping improve student understanding and engagement.
- Collaborated with instructors to identify learning challenges and develop lesson plans to address students' needs.

### Web Developer, **Ancient Tech Cultivation**

Dec 2025 – Jan 2026 | Fortuna, CA

- Developed and launched a responsive portfolio website, using HTML5, CSS3, and JavaScript.
- Translated client requirements into wireframes and mockups, refining the site's layout, navigation, and visual presentation through three rounds of iteration.
- Implemented a GitHub Actions-based content management and deployment pipeline, allowing non-technical clientele to update website content with changes deployed automatically.

### Software Developer, **Elections Transparency Project**

Jan 2025 – May 2025 | Arcata, CA

- Collaborated with a four person Agile team to develop a web application designed to improve client workflow efficiency and promote electoral transparency.
- Built and refined application features using Django, Python, and JavaScript, contributing to core features across the front end and back end.
- Participated in sprint planning, iterative development, testing, and stakeholder reviews to ensure alignment with project requirements.
- Presented project updates and incorporated stakeholder feedback across eight development iterations, improving usability and functionality.

### Co-Founder, **Creepy Alligator**

Jul 2021 – Aug 2023 | Fortuna, CA

- Co-managed an online retail business specializing in apparel and soft goods, overseeing product development, e-commerce operations, marketing, and event sales.
- Designed and launched six original products, including shirts, stickers, and socks, illustrating and collaborating with manufacturers through final delivery.
- Maintained the online storefront, managing product listings, inventory updates, and customer-facing content.
- Planned and operated retail booths at eight events, handling setup, product merchandising, customer interactions, and on-site sales.

## EDUCATION

---

### Cal Poly Humboldt, **Bachelor of Software Engineering**

Aug 2023 – May 2026 | Arcata, CA

- 3.91 GPA
- Certificate of Outstanding Achievement (May 2026)
- Participant, 2026 Hackathon for Social Good (May 2026)

### College of the Redwoods

Jan 2020 – May 2023 | Eureka, CA

- 3.99 GPA
- Certificate of Achievement for CIS Networking CA (May 2023)
- Certificate of Achievement for CIS Cybersecurity (May 2023)
- Certificate of Recognition for Cisco Networking and Microsoft Server Administrator (May 2023)
- Participant, National Cyber League 2022 (November 2022)
